These general terms and conditions may be adjusted at any time in accordance with OCBC's applicable policies, upon prior notice. Changes to the general terms and conditions will be communicated to cardholders 30 working days prior to the effective date of the changes.

Interest Calculation for Shopping Transactions (Retail):

Interest will be charged if the Cardholder pays less than the total of the new bills, or pays after the Due Date. Interest on Purchase Transactions is calculated based on the Posting Date of the transaction made. The interest rates that apply to purchase transactions are listed on the billing statement. Unpaid fees, penalties, or interest are not included into the interest calculation component. Interest will be charged on the next billing statement. For a complete interest calculation can be seen in the credit card interest calculations illustration

Interest Calculation for Cash Advance Transactions:

nterest for Cash Advance is charged and calculated from the Cash Advance Date until the full payment date of the Cash Advance transaction. The interest rates that apply to Cash Advance transactions are listed on the Billing Sheet. Unpaid fees, penalties, or interest are not not unded in the interest calculation component. For a complete interest calculation can be seen in the illustration of the Credit Card Interest Calculation.

 $u|_{a} = \frac{\text{Transaction Amount x Different of Day x (1.75\% x 12months)}}{365 \text{ Days}}$

Additional Information

PIN is a secret code that is given to OCBC Credit Card holders, functions for shopping transactions, cash withdrawals or bill payments at OCBC ATMs.

Keep your PIN from abuse: do not write your PIN in any media, do not inform other parties including the Bank. Cardholders can apply for a PIN through the OCBC Mobile Application, or by SMS from the Cardholder's mobile number registered in the Bank's Credit Card system and will immediately receive a reply in the form of the desired PIN number.
